66 Tecumseh Ave	Single Family	6/5	4,500 sq ft	10,018	2013	1/4/2021	\$1,199,000	\$266
Oceanport proves that the best things in life are local. Rewards of watching children grow up in a town large enough to reach both beach and parkway easily, yet small enough to get anywhere with a short, peaceful walk or bicycle ride are boundless. With excellent schools, multiple marinas and beautiful sunsets along its many river access points, its no wonder second and third generation "Oceanporters" have moved back and chosen to raise their children in OP. You'll love the features of this fine home...steel beam construction, open floor plan, optional 6 bedrooms, full house generator, security system, full finished lower level, all tile baths, pool, outstanding yard scape...Make your new memories at 66 Tecumseh Avenue!

About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.
- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records.
- **Market conditions and forecasts** based on listing and public records data.
- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- **School data and reviews** from Niche.
- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
